9/13

Director's Meeting

Friday, 24 August 1951

Mr. Jackson mentioned the JCS comments on the [redacted] paper. He does not feel that we need to do anything until the Defense Department has stated its case. Mr. Wisner mentioned that O/PC had prepared an opposed memorandum to be taken up at the Senior Staff. It was agreed that the Senior Staff position is one and the same as our own and they will be annoyed with the JCS paper.

The DCI mentioned that we have not heard from the Navy in regard to service personnel as yet and would like a memorandum sent to them. [redacted] will follow this.
